DOCUMENT 22

Master Membership Agreement

Purpose	Status	Classification
Create the binding relationship between ORS and an organizational member.	WORKING DRAFT - ATTORNEY REVIEW REQUIRED BEFORE EXECUTION	Internal / controlled distribution

This agreement is effective [EFFECTIVE DATE] between Expedition Growth Lab LLC, an Oregon limited liability company, which administers One Rising Sun (collectively, "ORS"), and [MEMBER LEGAL NAME], a [STATE / ENTITY TYPE] ("Member").

DRAFTING NOTE Replace all bracketed terms, attach the applicable schedules, verify signatory authority, and obtain Oregon counsel review before signature.

1. Purpose

The parties enter a selective membership relationship intended to strengthen independent enterprise, trusted collaboration, useful capability, and community benefit under the One Rising Sun Charter.

2. Incorporated documents

The current Charter, Statement of Principles, Code of Conduct, Antitrust Policy, Confidentiality Agreement, Member-Mark License, and signed Membership Schedules are incorporated by reference. ORS will provide current copies or durable access.

3. Term and renewal

The initial term begins on the Effective Date and continues for [one year], unless terminated earlier. Renewal requires continuing eligibility, required certification and training, agreement on the renewal schedule, and payment or approved contribution arrangements.

4. Benefits

ORS will provide the benefits stated in Schedule A using commercially reasonable efforts. Benefits dependent on third parties, availability, emergencies, events, or member participation are not guaranteed.

5. Member responsibilities

Member will perform Schedule B, maintain accurate contacts, cooperate reasonably with review, protect confidential information, make independent competitive decisions, use marks correctly, and notify ORS of Material Changes.

6. Fees and contributions

Member will pay or perform Schedule C. Unless expressly stated, amounts are membership or service fees, not charitable gifts, equity, deposits, patronage capital, or investments.

7. Eligibility and continuing review

Admission is based on information available at the time. ORS may conduct proportionate renewal or event-driven review. Member will receive fair notice and opportunity to respond, subject to temporary safety, legal, confidentiality, or mission-protection measures.

8. Change of Control

Member must notify ORS promptly and no later than [10] business days after learning of a proposed or completed Material Change in ownership or Control. ORS may suspend public marks during review. Membership does not automatically transfer to an acquirer or affiliate.

9. Marks and public statements

Member receives only the limited, revocable, nonexclusive license in the Member-Mark License. Member will not imply that ORS certifies every product, employee, affiliate, environmental claim, or future act, or that Member speaks for ORS.

10. Competition and independence

Each party independently sets its prices, wages, suppliers, customers, territories, output, inventory, hiring, and strategy. Member will not use ORS to coordinate prohibited conduct or pressure others to refuse lawful dealings.

11. Suspension and termination

The Exit, Suspension, and Termination Agreement governs ordinary procedures. ORS may impose immediate temporary restrictions when reasonably necessary to protect safety, legal compliance, confidential information, people, assets, or mission integrity.

12. Independent parties

The parties are independent contractors. Nothing creates a partnership, joint venture, franchise, fiduciary relationship, employment relationship, or agency. Neither party may bind the other.

13. No guarantee

ORS does not guarantee sales, savings, referrals, publicity, funding, inventory, emergency response, cooperative admission, or any particular result.

14. Compliance with law

Each party is responsible for laws, permits, licenses, taxes, employment obligations, product duties, and safety requirements applicable to its own conduct.

15. Responsibility for claims

Each party will defend, indemnify, and hold the other and its personnel harmless from third-party claims to the extent caused by the indemnifying party's negligence, willful misconduct, legal violation, products, personnel, or breach. Counsel must tailor insurance, defense control, exclusions, and any liability cap before execution.

16. Notices

Formal notices must be sent to the addresses in the signature block by personal delivery, nationally recognized carrier, or email with confirmation, and are effective as stated in the applicable agreement.

17. Assignment

Neither party may assign this agreement without the other's written consent, except ORS may assign it to a successor that assumes the obligations and preserves the Charter. A change of Control is governed by the applicable review provisions.

18. Force majeure

Neither party is liable for delay caused by events beyond reasonable control, except payment, confidentiality, safety, data-protection, and return-of-property duties already due.

19. Limitation of liability

Subject to Oregon counsel tailoring, neither party will be liable for special, incidental, indirect, exemplary, or consequential damages. Aggregate direct liability will not exceed [AMOUNT / FORMULA]. The exclusion and cap do not apply to payment duties, indemnity, fraud, willful misconduct, gross negligence, misuse of confidential information or intellectual property, data-security obligations, bodily injury, property damage, or liability that law does not permit the parties to limit.

20. Dispute process

Authorized representatives will first attempt good-faith resolution. If unresolved within [20] business days, the parties will attempt confidential mediation in Oregon before filing suit, except either party may seek urgent injunctive relief or comply with a filing deadline.

21. Governing law and venue

Oregon law governs without regard to conflict-of-law rules. Exclusive venue lies in the state or federal courts serving the Oregon county where XGL's principal office is then located, subject to the mediation provision.

22. Entire agreement; order

This agreement and incorporated schedules are the entire agreement on their subject. If terms conflict, a signed project-specific schedule controls only for that project; otherwise the main agreement controls.

23. Amendment; waiver

Amendments and waivers must be written and signed by authorized representatives. Delay in enforcement is not a continuing waiver.

24. Severability; counterparts

An invalid provision will be narrowed or severed to the minimum necessary. The remainder continues. Counterparts and lawful electronic signatures are effective.

25. Survival

Accrued payment, confidentiality, intellectual-property, records, indemnity, dispute, and other provisions intended by their nature to survive will survive expiration or termination.

Member Confidentiality and Protected Information Agreement

Purpose	Status	Classification
Protect information inside a competitive network and prevent misuse.	WORKING DRAFT - ATTORNEY REVIEW REQUIRED BEFORE EXECUTION	Internal / controlled distribution

This agreement is effective [EFFECTIVE DATE] between Expedition Growth Lab LLC, an Oregon limited liability company, which administers One Rising Sun (collectively, "ORS"), and [MEMBER LEGAL NAME] ("Member").

DRAFTING NOTE Replace all bracketed terms, attach the applicable schedules, verify signatory authority, and obtain Oregon counsel review before signature.

1. Protected Information

Protected Information includes nonpublic information about ORS, members, applicants, community recipients, projects, incidents, pricing supplied for an approved transaction, inventories, customers, suppliers, employees, products, security, finances, and vulnerabilities.

2. Permitted use

Member may use Protected Information only for the specific ORS purpose for which it was shared. Network access is not permission to prospect, scrape, benchmark, acquire, pressure, publicize, or compete using the information.

3. Prohibited use

Member will not use Protected Information to target another member's customers or staff, circumvent an introduction, disintermediate a dealer, reproduce a product, influence independent pricing, coordinate market conduct, expose a person in need, or support an acquisition without explicit written permission.

4. Security and incidents

Member will limit access, use appropriate technical and organizational safeguards, and notify ORS without unreasonable delay and within [24] hours after discovering suspected unauthorized access, disclosure, loss, or misuse involving ORS data.

5. Legal and antitrust boundary

Confidential treatment never makes an unlawful exchange lawful. Competitively sensitive information may be shared only through an ORS process expressly approved for the purpose.

6. Remedies and survival

ORS may restrict access immediately to contain risk. Injunctive relief may be appropriate because misuse can cause harm not adequately repaired by money. Duties survive for [five] years; trade secrets, sensitive personal information, and beneficiary information survive as long as legally protected or reasonably sensitive.

7. Independent parties

The parties are independent contractors. Nothing creates a partnership, joint venture, franchise, fiduciary relationship, employment relationship, or agency. Neither party may bind the other.

8. No guarantee

ORS does not guarantee sales, savings, referrals, publicity, funding, inventory, emergency response, cooperative admission, or any particular result.

Founding Steward Agreement

Purpose	Status	Classification
Create a high-trust, flexible relationship with individuals of character and capability.	WORKING DRAFT - ATTORNEY REVIEW REQUIRED BEFORE EXECUTION	Internal / controlled distribution

This agreement is effective [EFFECTIVE DATE] between Expedition Growth Lab LLC, an Oregon limited liability company, which administers One Rising Sun (collectively, "ORS"), and [STEWARD NAME] ("Steward").

DRAFTING NOTE Replace all bracketed terms, attach the applicable schedules, verify signatory authority, and obtain Oregon counsel review before signature.

1. Appointment

ORS appoints Steward as a [Founding / Community / Recovery / Heritage / Skills / Other] Steward for the Term, and Steward accepts subject to this agreement.

2. Nature of stewardship

Stewardship recognizes character, judgment, relationships, and capability. It is not employment, a speaking bureau, an endorsement quota, a moral halo, or authority to bind ORS.

3. Contribution

Steward may contribute only what Schedule 27 identifies and may decline unlisted requests. Emergency or project participation always depends on availability, safety, law, insurance, and separate operational agreement where appropriate.

4. Public role

ORS may use Steward's name, approved biography, and approved media only within the signed media permissions. Steward is not required to post, endorse products, solicit donations, or disclose private relationships unless separately agreed.

5. Conduct and disclosure

Steward will follow the Charter and Code when acting for or publicly representing ORS, disclose relevant conflicts and material connections, protect confidential information, and correct material public inaccuracies.

6. Reputation and fair process

Either party may request confidential discussion if conduct materially threatens safety, legal compliance, trust, or mission. Temporary separation may protect both parties while facts are reviewed. Permanent public statements require accuracy, proportionality, and respect for lawful confidentiality.

7. Term and exit

The term is [one year] and renews only by written agreement. Either party may end the relationship on [30] days' notice; immediate suspension or termination is permitted for urgent safety, legal, confidentiality, or material misconduct concerns.

Referral and Collaborative Opportunity Agreement

Purpose	Status	Classification
Protect trust, attribution, and customer choice in introductions.	WORKING DRAFT - ATTORNEY REVIEW REQUIRED BEFORE EXECUTION	Internal / controlled distribution

This agreement is effective [EFFECTIVE DATE] between Expedition Growth Lab LLC, an Oregon limited liability company, which administers One Rising Sun (collectively, "ORS"), and [REFERRAL PARTNER] ("Partner").

DRAFTING NOTE Replace all bracketed terms, attach the applicable schedules, verify signatory authority, and obtain Oregon counsel review before signature.

1. Introductions

Either party may make a permission-based introduction. The receiving party may accept or decline and will communicate promptly and respectfully.

2. Customer and member autonomy

An introduction does not transfer ownership of a person, account, territory, or relationship. The referred party remains free to choose providers and terms.

3. Compensation

No referral fee is owed unless a signed schedule identifies the covered opportunity, calculation, payment trigger, exclusions, refund treatment, taxes, and duration. All required disclosures must be made.

4. No circumvention through confidential information

A party will not use nonpublic information from the introduction to bypass an agreed project role or exploit the referring party. This does not prohibit lawful direct business chosen by the customer after disclosure and without misuse of Protected Information.

5. No guaranteed work

ORS may curate introductions but does not warrant a party's products, solvency, licensing, capacity, payment, or performance. Each participant conducts its own diligence and contracts directly unless otherwise agreed.

6. Independent parties

The parties are independent contractors. Nothing creates a partnership, joint venture, franchise, fiduciary relationship, employment relationship, or agency. Neither party may bind the other.

7. No guarantee

ORS does not guarantee sales, savings, referrals, publicity, funding, inventory, emergency response, cooperative admission, or any particular result.

8. Compliance with law

Each party is responsible for laws, permits, licenses, taxes, employment obligations, product duties, and safety requirements applicable to its own conduct.

9. Responsibility for claims

DRAFTING NOTE Replace all bracketed terms, attach the applicable schedules, verify signatory authority, and obtain Oregon counsel review before signature.

Transition Agreement Following Acquisition or Change of Control

Purpose	Status	Classification
Protect ORS independence when a member's ownership changes.	WORKING DRAFT - ATTORNEY REVIEW REQUIRED BEFORE EXECUTION	Internal / controlled distribution

DRAFTING NOTE Replace all bracketed terms, attach the applicable schedules, verify signatory authority, and obtain Oregon counsel review before signature.

1. Trigger

This agreement applies to a merger, sale, investment, debt enforcement, management arrangement, parent-company change, or other transaction that may change Control or materially affect eligibility.

2. Standstill

From notice until written decision, membership is under review. ORS may pause member marks, directory status, access to protected information, referrals, governance participation, or new projects while preserving safe and orderly performance of existing obligations.

3. Information

4. Outcomes

ORS may confirm continuation, continue with conditions, reclassify the relationship, create a limited transition period, or terminate membership. The decision evaluates institutional fit rather than presuming the character of individual personnel.

5. No automatic transfer

Acquirer receives no ORS membership, mark license, protected information, governance role, or cooperative eligibility unless ORS expressly approves it in writing.

6. Communications

The parties will coordinate accurate public language. ORS may state that membership is under review or has ended, but will avoid unsupported moral accusation or disclosure of protected deal terms.

7. Independent parties

12. Force majeure

Neither party is liable for delay caused by events beyond reasonable control, except payment, confidentiality, safety, data-protection, and return-of-property duties already due.

13. Limitation of liability

Subject to Oregon counsel tailoring, neither party will be liable for special, incidental, indirect, exemplary, or consequential damages. Aggregate direct liability will not exceed [AMOUNT / FORMULA]. The exclusion and cap do not apply to payment duties, indemnity, fraud, willful misconduct, gross negligence, misuse of confidential information or intellectual property, data-security obligations, bodily injury, property damage, or liability that law does not permit the parties to limit.

14. Dispute process

Authorized representatives will first attempt good-faith resolution. If unresolved within [20] business days, the parties will attempt confidential mediation in Oregon before filing suit, except either party may seek urgent injunctive relief or comply with a filing deadline.
